

HOLIDAY 2020

CORPORATE & BUSINESS GIFTING

WHAT TO EXPECT

- We're here to make the corporate gifting process simple, seamless, and personal.
- **Over 70 products included in the following pages, plus most items in the store can also be ordered in bulk.**
- Customized orders of all quantities, large and small. We offer discounts at higher quantities. Please inquire for additional price breaks above 100 pieces.
- Variations available. Not all boxes have to be the same, please just plan to order a min. of 5 boxes each.
- 2-4 week lead time depending on item availability.

Our team is ready to help you curate the perfect holiday gift box for your team!

Whether you want to thank clients, show appreciation to employees for putting up with a wild year, or send remote workers something extra to make up for the holiday party, our specially selected products will bring joy to anyone who receives them.

In the following pages, you will find our favorite offerings that share our modern, adventurous aesthetic — with a little sarcasm sprinkled in, too.

Build your own box or check out our curated collections (starting under \$20). If you don't need a whole box but need a large quantity of gifts, you may order any individual item in bulk that you see here or in our store!

Don't forget to customize your ensemble with the packaging of your choice: decorative gift boxes, gift bags, or shipping boxes. Each option includes the tissue paper of your choice.
